

## Unit 2, lyrics “Family Life”

1

It's nice to have a big family.  
You always have someone to talk with.  
You always have someone to talk about.  
You always have someone to walk with.

I have a very big family:  
Two fathers and three mothers.  
We're all together in a lovely house  
with nine sisters and seventeen brothers.

2

I have twenty-three uncles and thirty-five aunts  
and nieces and nephews no end,  
and cousins and grandparents more than I want –  
but what I don't have is a friend.

A friend is so lovely, a friend is so nice.  
To have a nice friend is great.  
I'd give you my family for one good friend –  
or two, or seven, or eight!
