

Unit 1, lyrics “Speed Dating”

What's your name? What is your sign?
How do you sleep and where do you dine?
Where will you be in five years' time?
Who was your hero when you were a child?

Don't you think it's fascinating, that so many here try out speed dating?
Don't you think it's pretty cool, there're so many here, especially me and you?

Are you rich? What don't you buy?
What makes you laugh and what makes you cry?
Which is your favourite book of all time?
And do you really never tell lies?

Don't you think it is frustrating, that so many here need speed dating?
Don't you think it's so uncool, there're so many here, especially me and you?
Oh well ...
Don't you think it's fascinating, that so many here try out speed dating?
Don't you think it's pretty cool, there're so many here, especially me and you?
