

Fun with prepositions!

Ready to roll?

How to use the dice in the classroom:

Students take turns rolling the dice and forming a sentence with “their” preposition. Each correct sentence is rewarded with a point. Students who roll **Hueber Freude an Sprachen** receive an extra point.

Alternatively, form two teams. Team 1 says the beginning of a sentence with the preposition they have rolled, and Team 2 then rolls the dice again and completes the sentence. Or Team 1 asks a question using their preposition, and Team 2 answers it, using another preposition.

Support lower-level classes by writing *ask*, *find*, *get* and *go* on the board. Students can choose one of these verbs to use with their preposition.

Instructions

Cut out along the dotted line. Fold into a cube and paste or tape together.
